Product specification

Bluetooth version: V5.4
Transmission distance: 10M
Battery capacity: 30mAh
Usage time: approximately 7 hours (headphones)
Charging time: approximately 1.5hour (for headphones)
Bluetooth: SBC, AAC
FCC ID: 2BMLA-HY-C09

Charging case specification

Battery capacity: 300mAh
Charging time: approximately 1.5 hours
Rated input: 5V ≡ 500mA
(All technical information is subject to actual performance)

Charge the Charging case

Connect the Type-C cable to the 5V power adaptor, and another end to the charging port of the Charging case.
(Kind reminder: When the white indicator light of the charging compartment flashes, please charge the charging compartment in a timely manner.)

LED Indicator Status

Headset Indicator Light

- Not use: Both ears flickering white lights
- Successfully charging after lighting
- Automatically paired: Both ears flickering white lights
- Successfully pairing left and right headphones: The main ear flashes the white light
- The headset and mobile phone connection successfully: Flashes green light
- Disconnected connection: The main ear flickering white lights
- Not in the charging state: White lights are always on

Indicator light of the charging case

- When the cover is opened or closed the white light will be on for 3 seconds.
- When the compartment is fully charged the white light will stay on continuously.
- When the compartment is being charged green light will stay on continuously.

Product operating instructions

- Power on**
Method 1: Remove from the charging compartment, the headset automatically turns on.
Method 2: Press and hold the touch button on the earphone for 3 seconds to turn on the earphone.
- Power off**
Method 1: Put the headphones into the charging case directly and close the case to turn off.
Method 2: When both the left and right earphones are in the powered-on state, press and hold the touch button on the earphones for 5 seconds to turn off the earphones.
- Pairing to the BT device**
Step 1: Open the upper cover of the charging compartment to remove the headphones, binaural automatic pairing.
Step 2: open the BT list of smart devices, search "HY-C09" and Connect (single ear use is supported).

Hands free function

- Left/Right headphone operating (incoming call)
- Answer: Click on any headphone function button
- Reject: Long press any headset function key
- Hang up: Click on any headphone function button

Voice Assistant

- Left/Right Earphone Operation
- Long press for 3 seconds to wake the voice assistant

Touch screen operation

Kind Reminder: Before performing touch screen operations, you need to take out the earphones first and connect them to the charging case.

Name and content of hazardous substances in products

Part Name	Hazardous materials					
	Pb	Hg	Cd	Cu/Pb	PBB	PFOS
Product case / Main body	○	○	○	○	○	○
Small structural parts such as shell	○	○	○	○	○	○

This form is compiled in accordance with SJ/T 11364.
○ Indicates that the content of the hazardous substance in all homogeneous materials of the part is in below the limit requirements specified in GB/T 26572.
× Indicates that the content of the hazardous substance in at least one of the homogeneous materials of the part exceeds the limit requirements specified in GB/T 26572.
The parts marked with "×" on this form are all harmful due to the limitations of global technological development. Substitution of substances.

Printed circuit board components: including printed circuit boards and their parts, electronic components, etc. Depending on the product model, the product you purchased may not contain all the above components.

Electronic and electrical products sold in the People's Republic of China must make this Logo, the number in the Logo represents the producer under normal use. Environmental protection use period.

Warranty Service

Dear user, this warranty card is the proof of your future warranty application, please cooperate with the seller to fill out and keep it for future use.

FCCStatement

According to Part 15 of the FCC Rules, this device has been tested to meet the restrictions for Class B digital devices. These restraining decrees in providing reasonable protection against harmful disturbances in residential facilities. The device generates and uses radio frequency energy. If this instruction is not installed and used in accordance with the regulations, it may cause harmful interference to radio communications. However, there are There is no guarantee that interference will not occur in a particular installation. If this device has built for radio or television reception into harmful interference, the device can be determined by turning it off and when the user is encouraged to try to pass through one or several more measures below

- Redirect or reposition the receiving antenna.
- Increase the distance between device and receiver.
- Sockets connected to devices on circuits different from the receiver are connected.
- Please consult a dealer or experienced radio/TV technician for assistance.

This device complies with Part 15 of the FCC Rules. The operation is restricted by the following two conditions
(1) The device shall not cause harmful interference.
(2) The device must accept any received interference, including interference that may cause unexpected operation.
Changes or modifications that are not explicitly approved by the compliance responsible party may invalidate the user's permission to operate the device.

HYUNDAI HY-C09

Auriculares verdaderamente inalámbricos

Introducción al uso del producto

(1) No intente desmontar o reemplazar ninguna pieza dentro del producto, excepto si las instrucciones tienen un modo de operación especialmente marcado.

(2) No introduzca el producto en agua ni en ningún otro líquido, excepto si el producto no es impermeable.

(3) Si algún líquido entra accidentalmente en el producto, deséscelo inmediatamente y retire este producto.

(4) Para evitar descargas eléctricas, asegúrese de que no haya agua en sus manos al instalar o desinstalar el producto.

(5) No coloque este producto cerca de la fuente de calor o exponga directamente a la fuente de luz.

(6) No coloque este producto en un entorno con una fuerte fuerza electromagnética, de lo contrario causará un fallo del producto.

Especificaciones del producto

Versión Bluetooth: v5.4
Distancia de transmisión: 10m
Capacidad de la batería: 30mAh
Duración del uso: aproximadamente 7 horas (auriculares)
Tiempo de carga: aproximadamente 1.5 hora (auriculares)
Entrada nominal: 5V = 35mA

Especificaciones de la Caja de carga

Capacidad de la batería: 300mAh
Tiempo de carga: aproximadamente 1.5 horas
Entrada nominal: 5V = 500mA
(toda la información técnica se basa en el rendimiento real)

Lista de envases

Descripción esquemática del producto

Instrucciones de operación del producto

1. Encendido

Método 1: Retire los auriculares de la caja de carga y se encenderán automáticamente.

2. Apagado

Modo 1: Brevemente los auriculares a la caja de carga, cierre la tapa de la caja de carga y los auriculares se apagarán.

Modo 2: Apagarse automáticamente después de tres minutos en estado de desconexión.

3. Emparejamiento

Paso 1: Abra la tapa de la caja de carga, saque los auriculares y los auriculares se emparejarán automáticamente.

Paso 2: Abra la lista de dispositivos Bluetooth de su dispositivo inteligente, busque "HY-C09" y conéctese (admite el uso de un solo auricular).

Operación de las teclas táctiles

Reproducción de música

■ **Operación de auriculares izquierdo / derecho**

● Clicción anterior: Pulse tres veces el botón de función de cualquier auricular.

● Siguiente canción: Pulse dos veces el botón de función de cualquier auricular.

● Pausa/Reproducción: Haga clic una vez en el botón de función de cualquier auricular.

Exención telefónica

■ **Operación de auriculares izquierdo / derecho**
(En Estado de llamada)

● Rechazar la llamada: Mantenga presionado el botón de función de cualquier auricular por un tiempo prolongado.

● Colgar la llamada: Haga clic una vez en el botón de función de cualquier auricular.

Cambio de modo de reducción de ruido

■ **Operación de auriculares izquierdo / derecho**

● Mantenga presionado durante 3 segundos para despertar al asistente de voz.

operación por pantalla táctil

Consejo amable: Antes de realizar la operación por pantalla táctil, es necesario sacar los auriculares y conectarlos con el estudio de los auriculares.

Declaración de FCC

De acuerdo con la parte 15 de las reglas fcc, este dispositivo ha sido probado y cumple con las restricciones de los dispositivos digitales de clase B. El propósito de estas restricciones Protección contra interferencias nocivas en instalaciones residenciales razonables. El dispositivo produce energía de radiofrecuencia utilizada y radiante. Si no se instala y utiliza la instrucción de acuerdo con las regulaciones, puede causar miles de perturbaciones dañinas en las comunicaciones de radio. Sin embargo, hay No se puede garantizar que no se produzcan interferencias en una instalación específica. Si este dispositivo está fabricado para recibir radio o televisión en interferencias nocivas, se puede determinar el dispositivo grande, y cuando se cierra y se abre, se ajusta al usuario a intentar pasar por uno o más medidas por debajo de varias

--reorientar o repositonar la antena receptora.

--aumentar la distancia entre el dispositivo y el receptor.

--el dispositivo está conectado a un enchufe en un circuito diferente al receptor.

--consulte a un distribuidor o a un técnico de radio / televisión experimentado para obtener ayuda.

Este dispositivo cumple con la parte 15 de las reglas de fcc. La operación está sujeta a las siguientes condiciones

(1) este dispositivo no debe causar interferencia dañina.

(2) este dispositivo debe aceptar cualquier interferencia recibida, incluida la que pueda causar una operación inoperable.

Los cambios o modificaciones que no hayan sido claramente aprobados por las partes responsables de la FCC pueden invalidar la autoridad operativa del usuario sobre el dispositivo.
