R PLAYER Product configuration parameters

Spec Date:　　10th September, 2019

SCALA

	Spec Date:	15th JAN, 2021
Product Descriptions	Scala SMPA Player 	
Hardware & OS	OS	SUPPORT window10，Linux-Ubuntu
	APU	AMD RYZEN EMBEDDED R1505G
	Graphics	AMD Vega GPU with up to 3 Compute Units
	Memory	8GB DDR4-2400 SO-DIMM Dual channel,Max 32GB

	Network	RTL8111H
	Interface	1 x DC input[with anti-loose mechanism], 4 x USB3.0 2xAudio Jack (Front-L/R + ,Aux-In) 2 x HDMI Output (HDMI 2.0，up to 2160@60fps , support HDCP) 1x HDMI IN (PCIE, 1080P, Option) or 2nd 1G Ethernet 1x Power button 1 x 1G Ethernet 1 x Mic 1XDB9 for RS232 1x Emulation on button 1x Copy/eras button 2X SIM socket (Inside the machine) 1X RJ11 for Tethered Power Button & LED Indicator Port 1X Reset Button
	SSD	128GB NVME SSD， Max 2T
	WIFI	WiFi 2.4GHz/5GHz Dual-Band Support 802.11a/b/g/n/ac
	Bluetooth	Bluetooth 4.0 standard including Bluetooth 4.0 Low Energy (BLE)
	Expansion Slots	1xM.2 M key (2280) for starage ,1xM.2 E key for HDMI Capture or 2nd Ethernet, 1x M.2 E key(2230) for WIFI, 2x SODIMM sockets for memory
Power	Power input by adapter	DC12V,5A
	Power input by POE	NA
General information	Storage Temp	(-15 -- 65 degree)
	Working Temp	(0 -- 40 degree)
	Storage/Working Humidity	(10 -- 90％)
	Dimension	180X358X35mm
	Net Weight	2.98KG

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
• Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The device has been evaluated to meet general RF exposure requirement.
The device can be used in mobile exposure condition, the use distance is 20cm, compliance with exposure requirements.
