Dear Examiner,

This is to request a Class II Permissive change for FCC ID: 2AIWVN151 originally granted in August 2018.

The change under this application is to add modifications in our camera outlined below:

1. Decrease size of ferrite absorbent sheet on the Main board.
2. Change in the FPC cable connecting the Main and IR board.
3. Replaced resistor with capacitor on Main Board.

I attest that the certified device will not be capable of ad-hoc mode operation outside of the grant conditions.

Sincerely,
