**Change Contents:** [detail reasons for permissive change here]

We add the second charger supplier-Tenbao into our product. The characteristic of the chargers is the same as previous ones (Leader chargers), but the layout of Circuit diagram is not the same at all, so we want to make sure it meets the EMC and Part22/24 requirements..

2 types of New chargers from Tenbao Industrial Co.,Ltd:

1. 3DS10628AGAA
2. 3DS10628AHAA

Sincerely,
