Re: Change of Identification for FCC ID: QYLEM7511F

We hereby request a change in identification as specified under 47CFR2.933 of the FCC rules. This change applies to the EM7511 module, originally granted on 10/09/2018 with FCC ID: QYLEM7511F. Getac Technology Corporation intends to market the above referenced product under new FCC ID: QYLEM7511F6. The product bearing the new FCC ID is electrically identical to the originally certified equipment.

Sincerely yours,

Kevin Chiang
