

The image shows a white, circular plastic component, likely a lid or a base for a container. It features a central rectangular area with rounded corners, outlined in blue, containing the text "Label Here" in red. This central area is surrounded by a larger circular section with a ribbed outer edge. Four small, dark circular holes are evenly spaced around the inner perimeter of this ribbed section. The component is placed on a light blue surface, and a black ruler with white markings is visible along the left and bottom edges for scale.

Label Here
