Re: Toshiba Corporation Product Safety Group FCC ID Number Changed

Dear Ms. Linda Elliott:

Our client, Toshiba Corporation Product Safety Group, has just decided to change the FCC ID Number from CJ6UPP35ASY to CJ6UPP350WL2. I am requesting for you to enter the New FCC ID Number of the Form 731 for both applications. The 731 Confirmation are as follows:

1. EA761626 (DTS)
2. EA484371 (UNII)

Because of this FCC ID Number change, I am re-submitting the required documents. They are as follows:

1. FCC ID Label (Note: This Revised FCC ID Label should address the CRN 24703 and CRN24702.)
2. Request for Confidentiality
3. 2GHz SAR Revised Report.

Thank you for your assistance! Please contact me if you need further information. My phone number is 408-463-0885x123 or email [cvu@ccsemc.com](mailto:cvu@ccsemc.com).

Best Regards,
