

FCC ID: HBW1D8088-1

IC: 2666A-1D8088

Current PCB.

New PCB.

Circled in red is the area of the board added with the new PCB connectors.

Blue circles indicate current and original location of the speaker

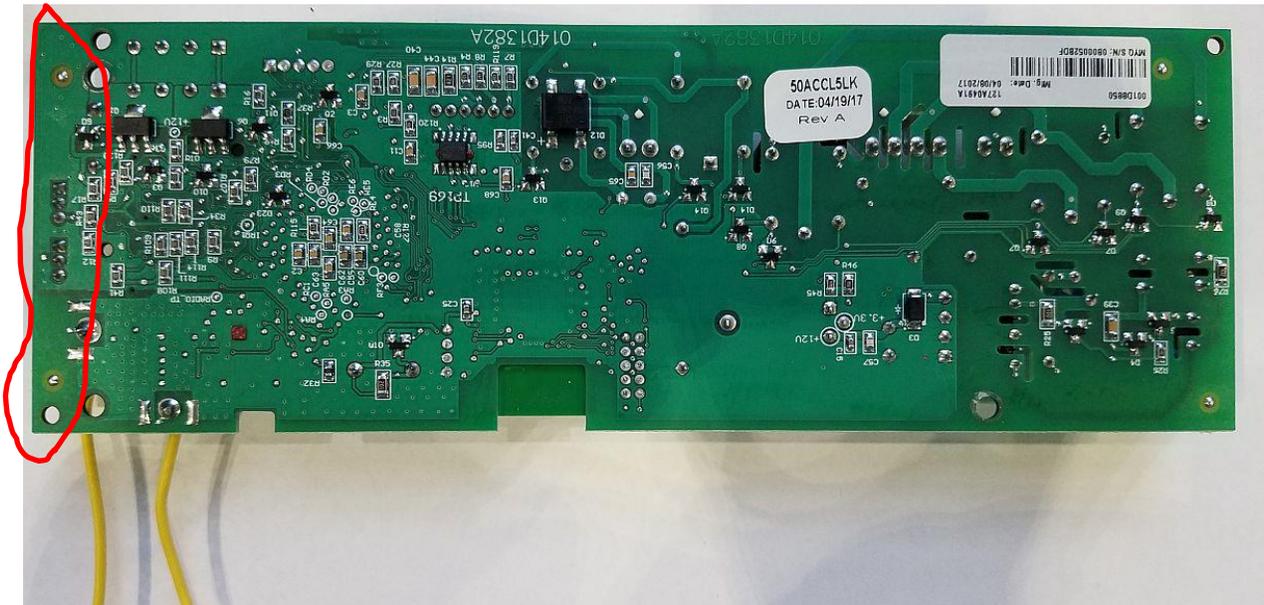

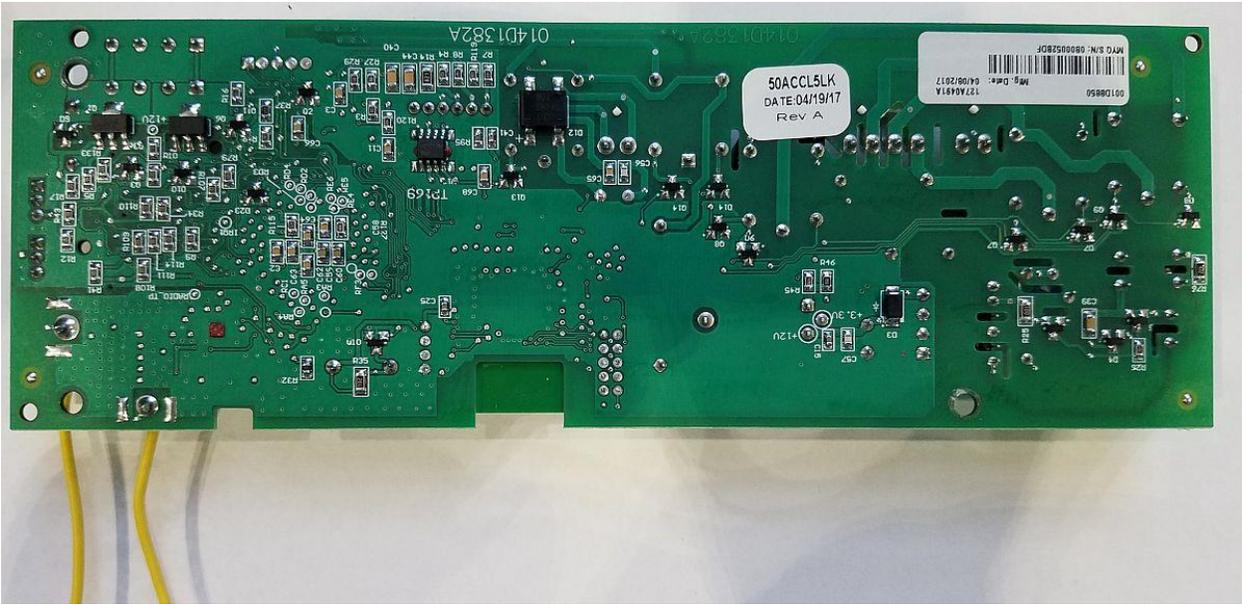

Green indicates area where relays were added

A few components on the left side of the PCB were moved to optimize layout.

- The locations of the WiFi module, Microprocessor, Radio & antenna's, and User interface remained locked in place
