Dear Mike,

Reply 1, the channel selection will be deleted from the software of US version. The US channel settings (11 channels) can not be changed in US version.

Reply 2, the RF exposure warning statement in the user manual have been modified. Please refer to attached file.

Reply 3, please find attached the MPE estimate.

Reply 4, please refer to attached revised FCC ID label format.

Best regards,

=====
S. S. Liou
Engineer / EMC Dept. II
Electronics Testing Center, Taiwan

> Question #1: From page 6 and 7 of the user manual, it seems the channel
> usage is based on end-user's selection of the country domain. Please note
> you can not rely on customer to maintain the compliance to the applicable
> law. The device bearing this FCC ID can only be sold in USA when the use
> of

> any channels beyond 11 channels is disabled. Please provide technical
> description to describe how the applicant will prevent the user to operate
> this device beyond 11 channel.

>

> Question #2: The RF exposure warning statement in the user manual does not

> address FCC colocated transmitter restriction. Suggest text can be: "The
> antenna(s) used for this transmitter must be installed to provide a
> separation distance of at least 20 cm from all persons and must not be
> co-located or operating in conjunction with any other antenna or
> transmitter. " Please provide revised user manual.
>
> Question #3: Please provide MPE estimate to address RF exposure
compliance.
>
> Question #4: The FCC ID label format does not clearly indicate the FCC ID.
> Please resubmit FCC ID label format.
