

Family declaration

Date: 25/04/2025

Type of Equipment:	LTE Cat 1 bis data module
Brand:	u-blox
Model:	LEXI-R10001D
	LEXI-R10011D

To whom it may concern:

We,

u-blox AG
Zurcherstrasse 68 Thalwil Ch-8800
Switzerland

hereby declare that all models listed above are a Family of devices sharing RF characteristics and construction.

Models LEXI-R10001D and LEXI-R10011D have the same HW design and PCB layout but differ in the support of LTE B25.

LEXI-R10001D mount an LTE B2 duplexer, while LEXI-R10011D mounts an LTE B2+B25 duplexer. The two components are pin to pin compatible and have the same characteristics except for the band support.

This can be verified in depth through the construction technical documents.

Sincerely,

Giulio Comar
Certification Manager
