

YDI Wireless Inc.
Model: MB-ST-INT
Label Exhibit

The Unit ID Label is required to include the FCC ID and the statement:

“This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.”

The label is shown below in Figure 1.

Figure 1: FCC ID Label Graphics

The label material is made from .005” thick G.E. Lexan film, velvet matte with an adhesive backing. Both adhesive and label material will last the lifetime of the product.

The label location on the exterior of the Marquee Bridge is shown in Figure 2.
