Solder Board-Component View 4	 A photograph of a small green printed circuit board (PCB) component. The component is rectangular and features several surface-mounted components, including what appears to be a microcontroller or logic chip in the center, surrounded by smaller passive components like resistors and capacitors. The component is placed on a blue textured surface. A black L-shaped ruler is positioned to the left and bottom of the component, with white markings in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).
Solder Board-Component View 5	 A photograph of a larger green printed circuit board (PCB) component. This component is rectangular and features a digital display screen on the left side, showing the number '88'. To the right of the display are several control buttons and a small speaker grille. The component is placed on a blue textured surface. A black L-shaped ruler is positioned to the left and bottom of the component, with white markings in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).
