Specifications

Model No.:	L-WP-08B6 SE
Capacity:	8000mAh/3.85V/30.8Wh
USB-C Input:	5V \asymp 3A, 9V \asymp 2.22A
USB-C Output:	5V \asymp 3A, 9V \asymp 2.22A
Wireless Output:	15W Max
Earbuds Output:	5W Max
Watch Output:	5W Max
Total Output:	12W Max
Charging efficiency:	\geq 75%
Size:	110×70×16mm
Unit weight:	\approx 210G (NW)
FCC ID:	28G9U-08B6-SE

The magnetic function is only used to adjust the charging position of the phone.

FCC

FCC Warning Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.
