

## ASSEMBLY INSTRUCTIONS

1. Carefully remove all pieces from the packaging.
2. Remove the 9W LED bulb from packaging and install it into the socket of the lamp. Screw it tightly in.
3. Plug into wall outlet.
4. Turn on and off using the push switch located on the base of the lamp.

## WIRELESS CHARGING BASE:

Output: DC5V 1A

1. Devices need to have a built-in wireless charging receiver that is Qi standard compatible.
2. Place your phone on the wireless charger. Make sure that the phone is located within the charging area of the wireless charger. The charging sign will show up on the phone when it is correctly aligned over the charger.

### Note:

Remove any metal phone case or any case thicker than 5mm before use.

## SPECIFICATION:

**Bulb:** 9W Self-ballasted lamp, AC only, 120V 60Hz

**WARNING:** Use Type A 40W Incandescent Bulb or 9W Self-ballasted Lamp

### Bulb Replacement:

1. Ensure the product is unplugged and cool to the touch before proceeding.
2. Remove the 9W LED bulb from socket and replace.

## CARE & MAINTENANCE:

Always ensure the product is unplugged from the electrical outlet and allowed to cool before assembling, disassembling, relocating, servicing or cleaning it. Clean the product with a soft cloth; do not use liquids, abrasive cleaners, or solvents.

## **RF exposure statement**

This equipment complies with the FCC RF radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20cm between the radiator and any part of your body.

This equipment meets the exemption from the Nerve Stimulation Exposure Limits in section 6.5 of SPR-002. It should be installed and operated with a minimum distance of 20cm between the radiator and any part of your body.

Cet équipement répond à l'exemption des limites d'exposition à la stimulation nerveuse de la section 6.5 du SPR-002. Il doit être installé et utilisé à une distance minimale de 20 cm entre le radiateur et toute partie de votre corps.

## **FCC Warning**

This device complies with Part 18 and Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE 1: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

## **IC WARNING**

This device contains licence-exempt transmitter(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

1. L'appareil ne doit pas produire de brouillage;
2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
