

**To operate:**

1. Connect the connector from the entertainment device to the transmitter's pins.
2. Locate the proposed mounting area for the transmitter module under the vehicles dashboard. The area should be relatively open for best results.
3. Using the double-sided tape provided, affix the transmitter to the area selected. Pre-cleaning this area with alcohol is recommended to get best bonding.
4. The functions and operation of the transmitter are fully controlled by the entertainment device and user interface is not needed.
