

Test Positions

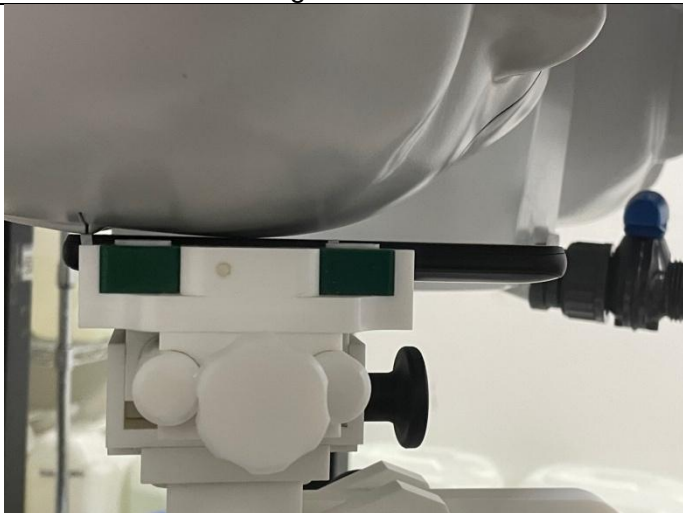

Left Cheek

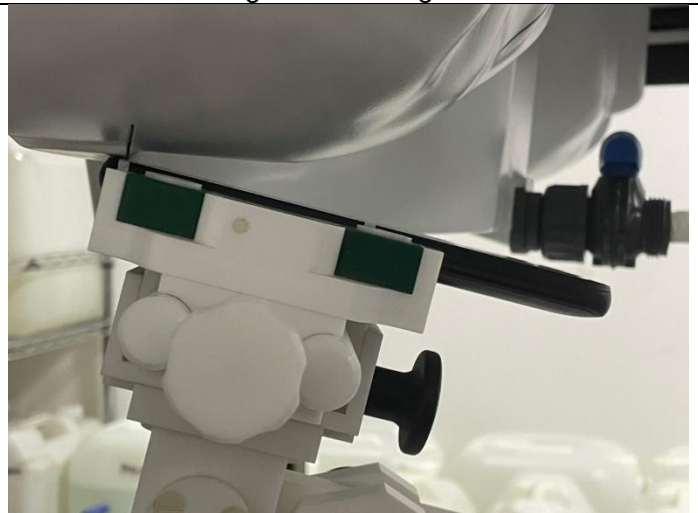

Left Tilt 15 Degree

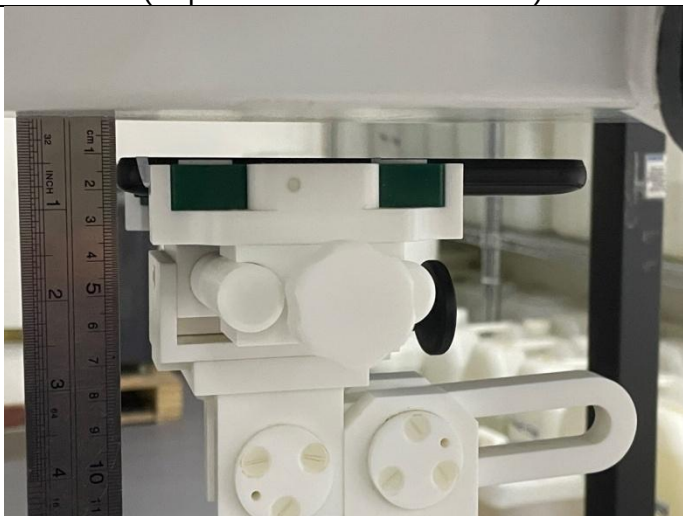

Right Cheek

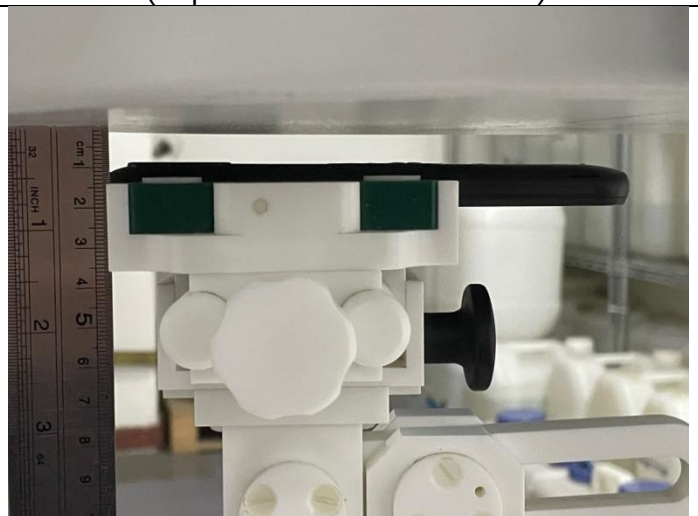

Right Tilt 15 Degree

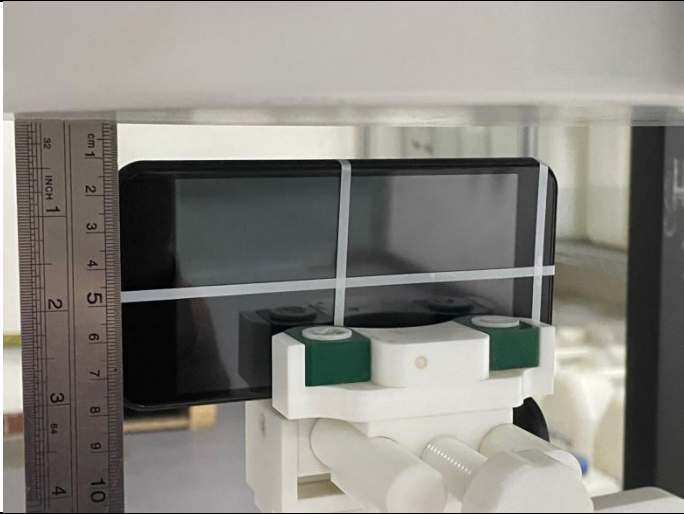

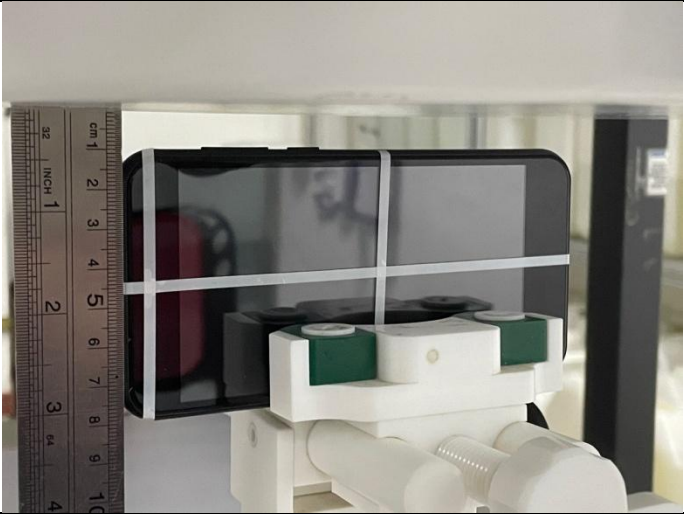

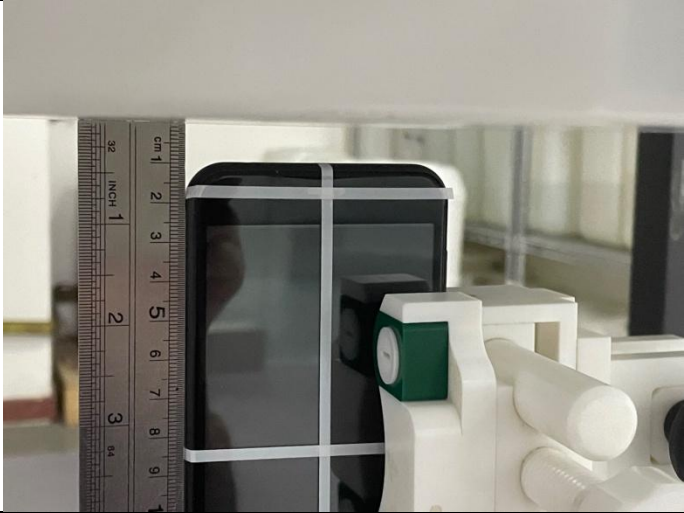

Front Side
(Separation distance of 10mm)

Back Side
(Separation distance of 10mm)

Left Side (Separation distance of 10mm)  A photograph showing the left side of a black electronic device mounted on a white plastic base. A white rubber band is stretched across the device. To the left, a vertical ruler is visible, showing a scale from 1 to 10 cm and 1 to 4 inches. The device is positioned such that its left edge aligns with the 1 cm mark on the ruler.	Right Side (Separation distance of 10mm)  A photograph showing the right side of the same black electronic device. The white rubber band is visible. The vertical ruler on the left shows the device's right edge aligning with the 2 cm mark.
Top Side (Separation distance of 10mm)  A photograph showing the top side of the device. The white rubber band is stretched across the top. The vertical ruler on the left shows the device's top edge aligning with the 1 cm mark.	Bottom Side (Separation distance of 10mm)  A photograph showing the bottom side of the device. The white rubber band is stretched across the bottom. The vertical ruler on the left shows the device's bottom edge aligning with the 2 cm mark.
