Model: YMX800A FCC ID: 2A212YMX800A

名称 Name:智能光伏优化器Smart PV Optimizer

输入 Input: 12-80 VDC; 15.5 A;660 W

输出 Output: 80 VDC Max; 16 A Max QC PASS 最大系统电压 Max System Voltage: 1500V 防护等级 Enclosure: IP68 MADE IN CHINA

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation
