Re: Request for confidentiality  
FCC ID: 2AGO22740TM

To whom it may concern,

Pursuant to Sections 0.457(d) and 0.459 of the Commission's Rules, Inspire Medical Systems, Inc. hereby requests long-term confidential treatment of information accompanying this application as outlined below:

- Block Diagram
- Operational Description
- Schematics
- Internal Photos\*

**\*Confidentiality of Internal Photos**

Pursuant to Sections 0.457(d) and 0.459 of the Commission's Rules, internal photos may be eligible for long-term confidentiality in the following circumstance:

- *Internal photos of a non-consumer device may be held confidential if the device is not accessible to the general public*

The device which is the subject of the filing is not available for the general public as it is only provided to clinicians approved by Inspire. Information including internal photos is not released to the public, the device incorporates features that prevent user access to internal components, the device is not serviceable by third parties, and any parties with access to the information are required to sign a non-disclosure agreement.

Accordingly, Inspire Medical Systems, Inc. requests that the internal photos pertaining to this application be withheld from public disclosure following grant of the application.

Inspire Medical Systems, Inc. also hereby requests short-term confidential treatment of information accompanying this application as outlined below for a period of 180 days:

- User Manual
- External Photos
- Test Set-up Photographs

The above materials contain trade secrets and proprietary information not customarily released to the public. The public disclosure of these matters might be harmful to the Applicant and provide unjustified benefits to its competitors.

The Applicant understands that pursuant to Rule 0.457(d)(1)(ii), disclosure of this Application and all accompanying materials will not be made before the date of the Grant for this Application.

Yours sincerely,

Name: Dave Dieken, Inspire Medical Systems, Inc.  
Title: Principal Systems Engineer
