Re: Our certification application
FCC ID: HN2RM182-24

Dear Mr. Fabina,

Attached you will find our application package for our Model RM182. Model RM182 is a 2.4 GHz FHSS transceiver module manufactured by Proxim Inc. It was originally certified by the FCC for Proxim under FCC ID: IMK-ILC1PC. We would like to get the product approved in our host devices. A report demonstrating compliance with 15.247 requirements and other documentation such as host device descriptions, antenna drawings, pictures, RF exposure compliance etc. are also included in the application.

Please feel free to contact us at 425 356 1765 or fax to 425 348 2633 (E-mail: kursat.eroglu@intermec.com). Thank you for your kind help.

Best regards,

Kursat Eroglu, MSEE
Sr. EMC Engineer
