2. 电气特性 electrical character:

inductance value L	6.4uH±5%	test condition	100KHz/1V	测试仪器 measuring and test instruments: digital electric bridge TH2817C+
direct-current resistance (DCR)	120mΩ Max	test condition	100KHz/1V	
Q value	≥30	test condition	100KHz/1V	

3. 材料 material:

(1)Magnetic plate:
rubber magnetic tank
D25

(2)copper line : 0.08*24

(3)Wire way: 12 laps counterclockwise

4. 电性图 Electroproperty diagram:

The diagram shows a vertical coil with two terminals. The top terminal is labeled 'S' and the bottom terminal is labeled 'F'. The coil is represented by a series of loops.
