

A black handheld electronic device, possibly a game controller or a small handheld console. It features two large joysticks on the left and right sides, each with a silver-colored circular base. In the center, there is a small rectangular screen displaying a city skyline. Above the screen is a red LED light, and below it are the words "OFF" and "ON" with a small lightbulb icon. The device has a black plastic body with a textured grip on the sides.

FCC ID: 2AAFA5Y-E638-003-07.
This device complies with Part
15 of the FCC Rules.
Operation is subject to the
following two conditions: (1)
this device may not cause
harmful interference, and (2)
this device must accept any
interference received, including
interference that may cause
undesired operation.
