

POWER SOURCE

Battery Recharge

The device has Recharging a built-in DC=3.7V rechargeable Lithium-ion batteries. Recharge as follows:

- Insert the micro USB plug from the supplied USB connection cable to the Micro USB jack on the device. Plug the full size USB jack of connection cable to supplied AC/USB Adaptor to wall outlet having AC 100-240V~, 50/60 Hz.
- During charging, the on screen charging icon will turn on. When finished, it will show fully charged icon.

This power unit is intended to be in a vertical or floor mount position.

Notes: Your battery will last longer if you follow these simple guidelines for caring for and storing it.

1. Using the supplied AC/USB Adaptor for charging only. Other models charger may damage the device.
2. For charging first time, charge it approximately 10 hours. For normal charging, it needs approximately 4 hours.
3. Recharge and store the device within the temperature range of 5°C~35°C (40°F~95°F).
4. Do not overcharge (longer than 24 hours). Excessive charging or running the unit until battery goes empty will damage battery. Battery life will be extended if you keep the battery fully charged.
5. Battery life naturally shortens slowly over time.
6. The rechargeable battery incorporated in this product is not user replaceable.

Using the touch screen

- Touch the corresponding button on the touch screen with your finger.
- Touch the screen and swipe from Right to Left; Left to Right to scroll the pages.

Notes:
