

Jada(Fogang) Toys Co., Ltd.

Item Name: McQueen Turbo RC

Technical Description

The equipment under test (EUT) is a RC control toy operating at **27.145MHz**.
The Transmitter is powered by 3Vd.c. (2 x 1.5d.c. “AAA” size battery)

Modulation Type: PM

Antenna Type:

Transmitter: non-detachable metal spring antenna covered with rubber

Transmitter:

U1: Encoder for the control signal

C6, C8, C16 & C17: Voltage regulator

Y1: **27.145MHz** crystal

Q1: Modulator

Q2: Amplifier
