

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

**EUT Housing and Board
View 1**

**EUT Housing and Board
View 2**

Solder Board-Component View 1	 A photograph of a black printed circuit board (PCB) populated with various electronic components, including integrated circuits, capacitors, and connectors. The board is positioned on a blue textured surface. A black ruler with white markings is placed vertically to the left of the board, showing measurements from 0 to 100 mm. The board's components are densely packed, and the solder joints are visible.
Solder Board-Component View 2	 A photograph of the same black PCB from a different perspective, showing the underside or a different side. It features several large, square components with red circular markings, likely heat spreaders or specific ICs. The board is again on a blue textured surface with a black ruler for scale. The layout of components is different from the first view, showing the reverse side of the assembly.

Solder Board-Component View 3	 A photograph of a small green printed circuit board (PCB) component, labeled 'PCB001', mounted on a black surface. The component is positioned next to a black ruler with white markings in millimeters. The ruler shows measurements from 10 to 60 mm vertically and 10 to 70 mm horizontally. The background is a blue textured surface.
Solder Board-Component View 4	 A photograph of a black printed circuit board (PCB) component, labeled 'LOCKLY', mounted on a black surface. The component is positioned next to a black ruler with white markings in millimeters. The ruler shows measurements from 10 to 60 mm vertically and 10 to 70 mm horizontally. The background is a blue textured surface. The component has text printed on it: 'LOCKLY', 'PGD628N-PCB3 (BT)REV:A02', '2021.06.05', 'RoHS', 'MJD-D', 'E37103', and 'C012'.
