

EXHIBIT 9

Section 2.1033 (c) (12) PHOTOGRAPHS OF THE EQUIPMENT

Photographs (8 x 10) of the equipment of sufficient clarity to reveal equipment construction and layout, including meters, if any, and labels for controls and meters and sufficient views of the internal construction to define component placement and chassis assembly. Insofar as these requirements are met by photographs or drawings contained in instruction manuals supplied with the certification request, additional photographs are necessary only to complete the required showing..

Response

The RF path of the **B25 RRH 4X30** wireless base station is comprised of three critical RF active components: Power amplifier (PA) board, the Control Unit (CU) board and the RF Filter.

The following pages contain the required photographs of the AS5BBTRX-22 RRH, subject of this application, showing the internal views of the RRH critical RF components.

4 Internal photos are submitted, which include:

- 1) Top View of PA Board with Shield Removed
- 2) Top View of CU Board with Shield Removed
- 3) Bottom View of PA Board
- 4) Bottom View of CU Board

Top View of PABoard with Shield Removed

Top View of CU Board with Shield Removed
