

Solder Board-Component View 9	 A photograph of a green printed circuit board (PCB) with various electronic components. The board is oriented vertically and is placed on a blue textured surface. A black ruler with white markings is positioned horizontally across the top and bottom of the board, showing measurements in millimeters. The board features several silver-colored connectors along its top edge, a central integrated circuit (IC) with a label '02K0150990B0', and numerous smaller components like resistors and capacitors. The board is soldered onto a larger assembly.
Solder Board-Component View 10	 A photograph of the same green PCB from a different angle, showing the bottom side. The board is oriented vertically and is placed on a blue textured surface. A black ruler with white markings is positioned horizontally across the top and bottom of the board, showing measurements in millimeters. The board features several silver-colored connectors along its top edge, a central integrated circuit (IC) with a label '02K0150990B0', and numerous smaller components like resistors and capacitors. The board is soldered onto a larger assembly.
