3 SOUNDBAR INSTALLATION

Assembly steps:

- 1 Align the joints of the two parts.

- 2 Plug in the Stereo RCA to RCA Audio Cable.

Detached and stand on base:

- 1
- 2

- 1 Set the soundbar on the base and align the joints.
- 2 Plug in the Stereo RCA to RCA Audio Cable.

## 4 REAR PANEL

- ① DC IN
- ② HDMI ARC OUT
- ③ OPTICAL IN
- ④ AUX IN
- ⑤ USB Port:  
Support MP3 files with 64GB max memory.
- ⑥ SUB OUT:  
Connect to active subwoofer (Not Included)

## 5 CONNECT TO TV VIA HDMI OUT ARC

Step 1:  
Connect one end of the HDMI cable to the eARC / ARC port on the back of your TV.

Step 2:  
Then connect the other end into the ARC port of the soundbar.

Step 3:  
Press "ARC" button on the remote control to select "ARC" input.

If there is no sound, try setting the TV audio output to PCM:  
TV Settings > Home > Settings > Sound > Digital Audio Output > PCM

Note: Please turn on the "CEC" function on your TV.  
When eARC / ARC is connected, your TV remote control can control the soundbar and TV simultaneously:

- ① Turn on / off
- ② Adjust the volume

## 6 CONNECT TO TV VIA OPTICAL / AUX

### OPTICAL

#### OPTION 1: OPTICAL

- ① Make sure the TV's port is OPTICAL OUT, connect both sides of the cable to OPTICAL, for both the TV and the soundbar.
- ② Make sure the optical plug is inserted correctly as it shows in the picture. Do not insert the plug upside down and break the optical.

Note: If audio is coming from the internal TV speakers, mute or minimize the TV volume.

### AUX

#### OPTION 2: AUX

- ① Connect the 3.5mm to RCA audio cable to connect to your TV's RCA AUDIO OUT port.
- ② Make sure the color of the cables ends matches the color of the TV ports.

Note: Please remember to unplug the AUX cable from TV and Soundbar when you want to switch other mode.

In Optical Mode: If there is no sound, try setting the TV audio output to PCM: TV Settings > Home > Settings > Sound > Digital Audio Output > PCM

## 7 CONNECT TO BLUETOOTH®

- 1 Press the "⌂" button on the soundbar or press the "BT" button on the remote control to enter Bluetooth pairing mode.
- 2 Go to the Bluetooth setting on your phone, find and select "SL3301" to connect the soundbar.

**Note:** If it's already in the Bluetooth mode and connected, press and hold "BT" button for 3 seconds to disconnect current device and choose to connect to a new device manually on your mobile phone / PC / TV.

## 8 PLACEMENT OPTIONS

### Detached and stand on base

### Horizontal placement

**Note:** The soundbar should be placed at or near ear level.

## FCC

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:-- Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment

### **\* RF warning for Mobile device:**

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

FCC ID : 2ATKO-SL3301
