Per: 47 CFR 0.457 and 0.459

To Whom It May Concern,

Aptiv Services US, LLC is requesting a Dismissal of Application/Certification FCC ID: L2CF3TR
Granted: November 22, 2019.

Our Dismissal Request is based on the following reasons:

After corresponding with the FCC to request extending Short Term Confidentiality beyond 180 days (Inquiry 435812 - Filed by American Certification Body, Inc.) regarding this product, the FCC's response was that they must dismiss the application to keep the STC documents confidential beyond the 180 day mark (as the STC extension and/or permanent confidentiality requested for some exhibits could not be authorized).

This device has never been sold or marketed anywhere in the world with this FCC ID.

Aptiv Services US, LLC is requesting that the following application be DISMISSED based on the above information:

FCC ID: **L2CF3TR**
Granted: **November 22, 2019**
Equipment Type: **VRD**

Please let us know if there is any additional information needed in order to process our request. Thank you for your time and we look forward to hearing from you shortly.

Respectfully submitted,

A handwritten signature in blue ink that reads "Brian W. Johnson".

Brian Johnson
