

A photograph showing the internal components of a disassembled mobile phone. The back cover, which is black and textured, is placed on the left. To its right is the battery, a rectangular component with a yellow label. Further right is the main phone body, showing the internal circuitry, including the motherboard, camera module, and various connectors. A ruler is placed horizontally at the bottom of the image for scale, with markings in centimeters and millimeters. The entire assembly is set against a blue background.
