

Radio frequency radiation exposure evaluation: portable devices

RESULT :

Pass

Test Specification

Test item	: CROSSLANER® BUTTERFLY DRONE
Identification / Type No.	: RCBUT
FCC ID	: UU8-RCBUT
Test standard	: CFR47 FCC Part 2: Section 2.1093 FCC KDB Publication 447498 D04

Measurement Record:

E.I.R.P = 67.87 - 95.2 = -27.33dBm

Since maximum peak output power of the transmitter is -27.33dBm $\approx$ 0.002mW < 1 mW.

Hence the EUT is excluded from SAR evaluation according to FCC KDB Publication 447498 D04
