FEDERAL COMMUNICATIONS COMMISSIONS

Authorization and Evaluation Division

7435 Oakland Mills Road

Columbia, MD 21046

Subject: Extended Frequencies Justification

Dear Sir/Madam,

The Radio with FCC ID: **K44523500** was designed to operate in the frequency bands **450- 470MHz**

To aid equipment authorization in other countries which accept the United States FCC Grant for Certification, **JVCKENWOOD Corporation** is requesting that the FCC lists the frequencies **450- 470MHz**, under FCC Rule Part 90 on the FCC Grant.

JVCKENWOOD Corporation attests that the radio will not be marketed to USA users with the frequency band which is not allowed by the rule part 90.

Per the FCC's KDB634817 guidance, as an alternative to listing the exact frequencies, we acknowledge that it's a violation of the FCC Rules if this device operates on unauthorized frequencies.

Frequency Range (MHz)	FCC Rule Part
450-454	FCC Part 90
456-460	FCC Part 90
460-462.5375	FCC Part 90
462.7375-467.5375	FCC Part 90
467.7375-470	FCC Part 90

Also, equipment programming is the responsibility of Authorized Service Personnel, the radio complies with 47 CFR Part 90.203(e), in that the operator cannot directly program the transmit frequencies using the normally accessible external controls.

Sincerely Yours,

Signature:

Kazuyoshi Akaike
