Subject: Similarity statement for Agere Systems Wireless LAN products 8U340 and 8U354

To Whom It May Concern:

The Agere Systems' IEEE802.11b wireless LAN products with identification 8U340 and the product with identification 8U354 have identical radio performance.

Both products have a similar output power for all supported channels. Both products use the same modulation type and occupy the similar bandwidth. The integration platform is similar for both products. Since the antenna is included in the integration platform (notebook), the antenna characteristics are identical.

Therefore, SAR measurement report (No. 4-0492-1-1/01, issued by CETECOM ICT Services GmbH) for the TOSHIBA product Portege 2000 (FCC ID: CJ6PA3171WL) is also applicable for this TOSHIBA product when 8U354 is integrated.

Kind regards,

D.G.
