

Declaration of Identical Product

Hereby,

Name of manufacturer: STOERK-TRONIC, Stoerk GmbH & Co. KG
Address: Untere Waldplaetze 6
City: Stuttgart
Country: Germany

declares that:

Product description: Wireless communication bridge with mesh functionality, where serial communication is transferred between Air Connect devices (2.4 GHz)
Type designation(s): Air Connect Unit, 900229.001
Trademark: -
Family name: Air Connect

is with regard to a) hardware, in particular, but not limited to, the RF circuitry, as well as b) RF firmware, technically identical to:

Product description: Wireless communication bridge with mesh functionality, where serial communication is transferred between Air Connect devices (2.4 GHz)
Type designation: Air Connect Commander, 900229.002
Trademark: -
Certificate number (if applicable): -

The devices differ only in application software, the Air Connect Unit being a Modbus master, and the Air Connect Commander being a Modbus slave.
