Red charging indicator light	Red indicator is on when charging , and off when fully charged
Note : Your speaker will power off automatically within 15 minutes if you did not pair it with playback devices in order to save energy.	

Driver spec	Φ40mm 4Ω/4W
Size	L149.5*W48.5*H70.5 mm
Net weight	273g
RMS	3W x 2
Frequency response	100HZ - 16KHZ
Sensitivity	70db
S/N ratio	≥70db
Distortion	≤0.1% @1W
Working distance	about 33 feet
Transmission power	Class2 Class2, 9.78dbm
Bluetooth profiles	A2DP,AVRCP,HFP
Frequency range	2.400—2.4835GHz
Working current	≤600mA
Working voltage	3.7V
Charging voltage	DC 5V
Charging current	500MA

Your Bluetooth speaker is covered by limited warranty. It is backed by 1 year performance warranty against any manufacturing defects in material or workmanship from the date of original purchase. This warranty entitles the purchaser to get the product repaired or replaced under the following conditions:

- The warranty applies to the original purchaser, Proof of original purchase is required
- The warranty does not cover the damage caused by misuse, abuse or improper storage.
- In no event shall Gsou be responsible for any direct, incidental, consequential or other damages of any kind.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RF Exposure Statement:

The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.
The transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
