

## Label Drawing and Photo

### Rendering

Below is a rendering of the C01 device label. It's 2" (W) x 1" (H).

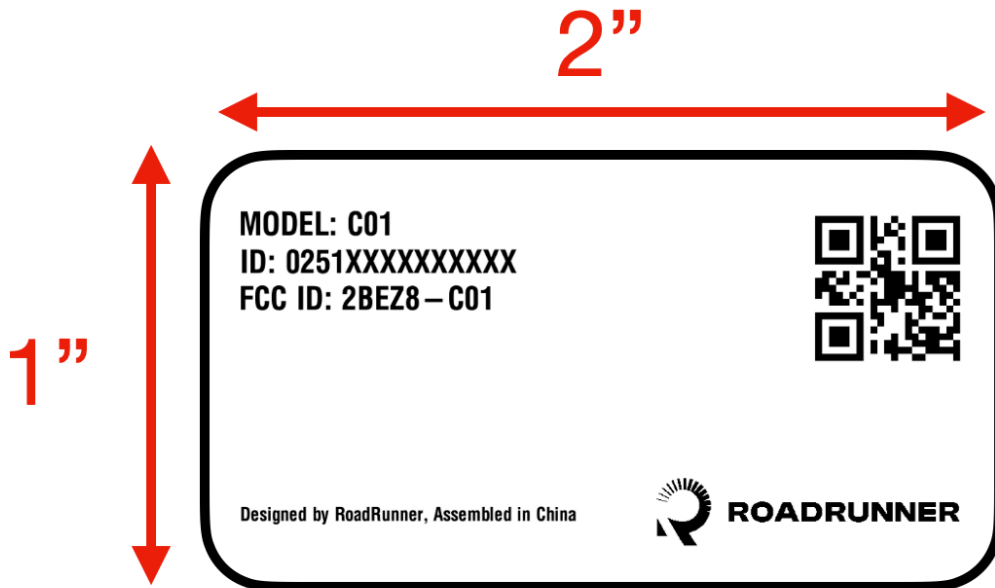

Figure 1. Rendering of C01 label.

### Placement

The label is placed on the back side of the device, visible when mounted on a container. It is printed on a white label with black text, providing high contrast.

### Material/Longevity

Label is rated for 5 years exterior use (matching the lifespan of the device). It is composed of vinyl with permanent acrylic adhesive. Label manufacturer and part number: Zebra 8000T Vinyl Outlast.
