Dear Sir or Madam:

SUBJECT: FCC Class II Permissive Change Application, FCC ID: HN2EASLAN

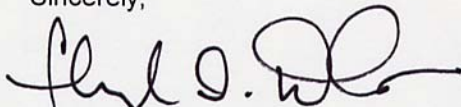

Please review the documentation for the Class II Permissive Change approval submitted to you by Intermec Technologies Corporation. The application is for the addition of the 501XP and 601XP EASLAN RF Print Servers, which operates in the 2.4-2.485 GHz band as a direct sequence spread spectrum transmitter under Section 15.247.

The information provided to your agency contains all the important information concerning labeling, antenna information and RF Exposure statements. Information regarding the characteristics of the transmitter is detailed in the test report.

The radio is provided to Intermec Technologies Corporation by Troy Systems.

Please contact me at 425.348.2600, should you have any questions regarding this filing.

Sincerely,

Cheryl D. White
Compliance Engineer
