

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

Model No.: MT02-5401-050001

EUT Housing and Board View 1	 A photograph showing three components of the EUT: a black plastic housing on the left, a green printed circuit board (PCB) in the center, and a white plastic housing on the right. The PCB is populated with various electronic components, including a large integrated circuit, capacitors, and connectors. A white label with a barcode is visible on the PCB. The components are laid out on a light-colored surface.
EUT Housing and Board View 2	 A photograph showing the same three components as in the previous view: a black plastic housing on the left, a green printed circuit board (PCB) in the center, and a white plastic housing on the right. The PCB is populated with various electronic components, including a large integrated circuit, capacitors, and connectors. A white label with a barcode is visible on the PCB. The components are laid out on a light-colored surface.

Solder Board-Component View 3	 A photograph showing the underside of a green printed circuit board (PCB) mounted within a white plastic housing. The PCB is populated with various electronic components, including a large gold-colored component on the left and a black component labeled 'GC-HUB433 1.1' on the right. The board is secured by several screws around its perimeter.
Antenna View	 A photograph of the same PCB and housing assembly, viewed from the same angle as the previous image. A red rectangular box highlights a small black component labeled 'SRD 5422' located near the bottom center of the PCB. A red line extends from this box to a label 'SRD Antenna' located below the image. SRD Antenna

EUT Housing and
Board View 1

EUT Housing and
Board View 2

Solder Board-Component View 1	 A photograph of a green printed circuit board (PCB) with various electronic components. The board is rectangular with rounded corners and has several mounting holes. A black component is visible on the left side, and a small white label with the text "STM-5C" and "3424" is on the right. The board is shown from a top-down perspective.
--	--

Solder Board-Component View 3	 A photograph of a green printed circuit board (PCB) mounted inside a white plastic enclosure. The PCB is populated with various electronic components, including a large silver heat sink, a black integrated circuit, and several smaller components. The text 'GC-HUB433 1.1' is visible on the PCB. The enclosure is open, showing the internal structure.
Antenna View	 A photograph of the same green PCB mounted inside the white plastic enclosure, viewed from the antenna side. A red rectangular box highlights a small component labeled 'SRD 5422'. A red line points from this box to a label 'SRD Antenna' located below the image. SRD Antenna
