Federal Communications Commission Authorization and Evaluation Division 7435 Oakland Mills Road Columbia, MD 21046

SUBJECT: FCC Application for FCC ID: 2AG6IMPPU2

To Whom It May Concern:

We, the undersigned, hereby attest to the fact that we will apply the supplier Declaration of Conformity procedure to the Class B digital devices portion of this composite filing.

Note:

We understand that devices subject to the SDoC procedure are required to be tested to show compliance with the FCC technical regulations by a recognized accredited testing laboratory. The testing laboratory must be accredited by a Commission approved accreditation body or designated under the terms of a government-to-government Mutual Recognition Agreement (MRA). A listing of those accredited testing laboratories that have been recognized by the Commission is published on the FCC Webpage: https://apps.fcc.gov/oetcf/eas/reports/TestFirmSearch.cfm

Select the "accredited" option to search for FCC recognized accredited test firms. Test facilities located in countries, where the U.S. does not have an operational Telecom MRA are not recognized by the FCC to test for the SDoC procedure.
