Re: Equipment Authorization Under Part 87- Request for Confidentiality
VHF-2100E Extended Range Communications Transceiver
FCC ID: AJK8222168

Gentlemen:

In accordance with the provisions of FCC Parts 0.459 and 0.457(d)(2), Rockwell Collins, Inc. hereby requests that the exhibits E (Schematic Diagrams) and J (Tune Up Procedures/Parts Lists) for Equipment Certification of the VHF-4100E Extended Range Communications Transceiver be withheld from public inspection. The FCC ID is: AJK8222168.

Exhibits E (Schematic Diagrams) and F (Tune Up Procedures/Parts Lists) have information concerning signal processing methods and also methods used for the alignment and adjustment of tolerances of spectrum for the equipment. The information is confidential and is customarily guarded from competitors. If a competitor were to obtain this information, it could use the information to reverse engineer the VHF-2100E. As a result, the Commission should protect this information from public disclosure under Exemption 4 of the Freedom of Information Act (5 U.S.C. § 552(b)(4)) because disclosing the information could reasonably be expected to cause substantial competitive harm to Rockwell Collins, Inc.

Your early consideration of the Application is respectfully requested. Please direct all inquiries to Mr. John Giff of this office at 703.516.8213.

Respectfully submitted,

Linda C. Sadler
Director, Federal Affairs
