To Whom It May Concern:

Pursuant to the provisions of Sections 0.457 and 0.459 of Commission's rules (47 CFR §0.457 and §0.459), we are requesting the Commission to withhold the following attachment(s) as confidential document from public disclosure indefinitely:

- Schematic Diagram(s)

- Parts List
- Operational Description
- Tuning Procedure, if applicable
- Circuit Description, if applicable

The above mentioned documents contain detailed system and equipment descriptions, which are considered as proprietary information in operation of the equipment. The public disclosure of above documents might be harmful to our company and would give competitor an unfair advantage in the market.

In addition to above mentioned documents, pursuant to KDB 726920 D01 and in order to comply with the marketing regulations in 47 CFR §2.803 and the importation rules in 47 CFR §2.1204, while ensuring that business sensitive information remains confidential until the actual marketing of newly authorized devices. We are requesting the Commission grant a short-term confidentiality request on the following attachment(s) for 180 days after the grant as outlined in KDB 726920 D01:

- External Photos
- Internal Photos
- Test Setup Photos
- User Manual

It is our understanding that all measurement test reports, FCC ID label format and correspondence during the certification review process cannot be granted as confidential documents and that information will be available for public review once the grant of equipment authorization is issued.
