- 1\* User Manual
- 2\* Large ear tip
- 2\* Medium ear tip (fitted on the earphones)
- 2\* Small ear tip

#### PRODUCT OVERVIEW

- 1. Charging box
- 2. Earphones
- 3. Charging box indicator light
- 4. Charging port
- 5. Earphone indicator light
- 6. Earphone touch area
- 7. Ear tip
- 8. Earphone charging contacts

#### Controls and functions

##### Power on

1. Open the charging box, and the earphones are automatically turned on.

##### Power off

1. Put the earphones back into the charging box and close the box, and the earphones are turned off automatically.

##### Bluetooth pairing (with a mobile phone)

1. In case of pairing for the first time, the left and right earphones will automatically pair with each other after being turned on and enter the waiting-for-pairing status.

2. If the earphones have been paired with a Bluetooth device, the left and right earphones will automatically pair with each other after being turned on and then pair with that device. When there is no pairing activity for about 10 seconds, the earphones will enter the wait-for-pairing status; if not paired in about 5 minutes, the earphones will be turned off automatically.

##### Noise reduction mode

1. Press and hold the touch area for 2 seconds to enable the transparency mode, and the ice blue and orange breathing LEDs are on.
2. Press and hold the touch area for 2 seconds to enable noise reduction, and the ice blue and orange breathing LEDs are on.

3. Press and hold the touch area for 2 seconds to disable noise reduction.

##### Pairing with devices

1. After the earphones enter the waiting-for-pairing status, enable Bluetooth on the device and find TECNO-Hipods-H3 on the list of devices available for pairing, and tap to pair.

##### Pop-ups on mobile phones

1. If the earphones have been paired with a mobile phone, to pair again, open the charging box and a pop-up window will automatically appear on the mobile phone.

##### Play/pause music

1. When playing music, double tap the touch area to pause, and double tap again to play.

##### Answer phone calls

1. When there is an incoming call, double tap the touch area to answer the call.

- Disconnection with the mobile phone when placed beyond a certain distance

1. When the earphones are placed beyond a certain distance from the mobile phone and thus become disconnected, the earphones will enter the waiting-for-pairing status. If there is no device that pairs with the earphones for 5 minutes, the earphones will be turned off automatically.

##### Earphones charging

1. Put the earphones in the charging box, close the charging box, and charging starts automatically.

##### Charging box charging

1. When being charged, the charging box will flash in white. When the charging box is fully charged, the white light will keep on. After the charging cable is unplugged, the white light will go out.

#### Basic Features of Product

Product Name	H3
