Subject: FCC Class II Permissive change for FCC ID: ZCasma025V (Model:SM-A025V)

To Whom It May Concern,

This is to request a Class II Permissive change for FCC ID: ZCasma025V (Model:SM-A025V) granted on Feb. 23th. 2021.

You can find the change details in "SM-A025A_PRODUCT_EQUALITY_DECLARATION" and "SM-A025AZ_PRODUCT_EQUALITY_DECLARATION".

As the concern above, we performed full test of SAR, Part 15B, Part90 and HAC on LTE B14 which is a new added band. The other test results all come from the initial model of SM-A025V and SM-A025U.

Thank you. Sincerely yours,

Yin Feng
