

Statement

The HHP Dolphin 9500 (FCC IDs: HD59500BUPE, HD59500LUPE, HD59500LU0E and HD59500BU0E) contains an approved module with the FCC ID: QIPMC75.

Each single module is tuned to match the values of the approved sample during the manufacturing process at the module manufacturer site.

The module integrator has no access to change those values and integrates this module as it is.

Pete Krebill

Project Engineer
