## Before Use

### What's in the Box

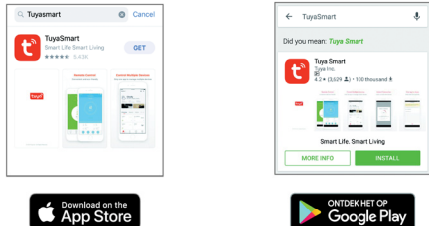

- Smart Camera ×1
- USB Cable ×1
- User Manual ×1
- Mounting Bracket ×1 \*
- Adapter ×1 \*
- Screw bag ×1 \*
- Punched sticker ×1 \*

\*: Different products have different accessories, please refer to physical packing.

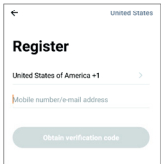

### Please read the instruction manual carefully before using the product

## Getting Started

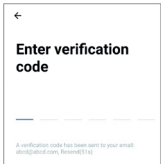

### 1 Download the TuyaSmart app from App Store or Google Play.

### 2 Register an account on your TuyaSmart app

STEP 1.  
Enter your mobile phone number or email address.

STEP 2.  
Enter the verification code and create a password.

## Add Device

### 4 Add device

- Know your Wi-Fi network and password
- Make sure your mobile device is running iOS® 9 or higher or Android™ 4.1× or higher
- Make sure you're connecting to a 2.4GHz Wi-Fi network (It can't connect to 5GHz networks)

### 4 Add device

- Read the instruction about "Scan with the camera", click "Continue".
- Scan the QR Code on your phone with camera. Heard a prompt tone, click "Heard the beep".

## Frequently Asked Questions

### 1 Can I share with family and friends?

Yes, you can share your cameras with family and friends who will have access to view the camera and control your bulbs, plugs, and other devices. In the app, press the Profile button and click on the "Home Management" button, and you will be able to give or revoke sharing permissions. In order to share, the other user should already have downloaded the app and registered a new account.

### 4 My device can't be connected to network with App

- Make sure the device is under the config status (indicator light is flashing quickly)
- Make sure the Wi-Fi is available and not too far away from router
- Make sure the Wi-Fi password you input is correct

### 2 What's the Wireless Range?

The range of your home Wi-Fi is heavily dependent on your home router and the conditions of the room. Check with your router specifications for exact range data.

### 5 My device shows offline in my App

- Make sure the device is powered on
- Make sure the network is stable and the Wi-Fi name and password not modified. If not, add device again.
- If the network is normal, but it's still offline. Check if there are too many Wi-Fi connections. You can restart your router to check the status of the device.

\*You can find much more useful information in the Help Center on App.

## Technical Specifications

- Audio: Internal Speaker and Microphone
- Storage: supports up to 128G Micro SD card (not included)
- Wi-Fi: IEEE 802.11b/g/n, 2.4GHz(not compatible with 5GHz Wi-Fi networks)

#### FCC Warning Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- - Reorient or relocate the receiving antenna.
- - Increase the separation between the equipment and receiver.
- - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- - Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

#### RF Exposure Statement

To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum distance of 20cm the radiator your body. This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.
