Attn: OET Dept.

Dear Examiner,

This is to request a Class II Permissive change for FCC ID: P65ALR-H450B granted on 09/20/2016.

The change under this application is to modify the RF shield on the top of the PCB for the RFID unit and add extra TX filtering to improve out of band emissions.

I attest that the certified device will not be capable of ad-hoc mode operation outside of the grant conditions.

Sincerely,

Greg Katterhagen  
Manager, Hardware Engineering
