User's Manual
Commander Bluetooth Speaker

FCC ID:QIFB41

To ensure product functionality and user's safety, please read and follow all instructions prior to use.

- INCLUDED:
- 1) Commander Bluetooth Speaker
 - 2) Instruction manual
 - 3) Micro-USB - USB / 3.5mm Audio Cable

- TECHNICAL DETAILS
- 1) Input: DC5V
 - 2) Output: 2W (1KHz, THD10%)
 - 3) Frequency: 200Hz—20KHz
 - 4) Impedance: 4Ω
 - 5) Speaker Driver Size: 36mm
 - 6) Product Dimensions: Dia-5cm x H-5. 5cm

BLUETOOTH OPERATION:

Press and hold the POWER ON/OFF button until a tone sounds and the blue LED indicator begins flashing - indicating the speaker is in pairing mode. In the Bluetooth available devices menu on audio device, locate "Commander" and follow your device's instructions to connect and play audio through the Commander Speaker.

LINE-IN MODE:

Insert the Micro-USB end of the cable into the speaker. Located on the opposite end is a USB and 3.5mm Audio plug. Insert the 3.5mm Audio plug into your device's headphone port. Double press the POWER ON/OFF button to switch to Line-in mode.

**Audio must be controlled using the audio device's controls in this mode.*

- BUTTON FUNCTIONS:

- WARNING:
- To avoid damage or injury, operate only as indicated in this manual.
 - Do not attempt to disassemble or fix this item. Seek the assistance of a professional.
 - Do not obstruct the speaker by inserting foreign objects or covering.
 - Keep out of reach of children.
 - Avoid extreme temperatures, flame, liquid and intense impact.
 - Avoid strain to the cable when inserted into the speaker.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.
