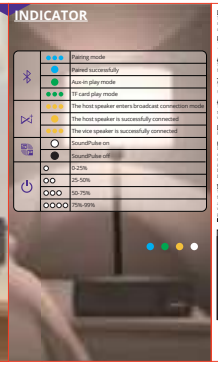
HOW TO CONNECT TO BROADCAST MODE?

Note: If you need to pair more than 2 speakers together, please tap the host speaker once and double tap the other speakers to enter receive mode.

INDICATOR



ENGLISH

Thanks you for purchasing the Tronsmart Studio Bluetooth Speaker. Please read the user manual before use and keep it handy for future reference. If you have any additional questions or comments, please contact us by email at **support@tronsmart.com**

PACKAGE CONTENTS

1 x Studio Bluetooth speaker 1 x 3.5mm audio cable 1 x SoundPulse™ Card
1 x Type-C charging cable 1 x Warranty card 1 x User manual

Aux-in Mode

Simply connect the speaker with your non-Bluetooth device via the 3.5 mm audio jack cable. Note: After plugging in an audio cable, the speaker will automatically switch to Aux-in mode.

TF Card Slot Mode

The speaker will play the music from your TF/Micro SD card when plugging the card into the slot.

Auto Power Off

The speaker will power off automatically after 15 minutes if it does not pair with any device through Bluetooth or does not play any sound after pairing. When in low battery, the speaker will power off automatically as well.

Reset to Factory Default Settings

Press and hold the Play/Pause button for 5 seconds to reset to factory default settings.

Care & Maintenance

Do not use any form of detergents or cleaning material to clean the product as any type of chemical may make this device unusable. Do not disassemble this product. It contains no user serviceable parts inside. Any attempt to do so will void the warranty. As a precautionary, keep the product in a dry location. Dust, dirt & moisture from humidity can accumulate on the body of the product. Kept at an unfriendly place. Do not dispose this product in fire or batteries may explode or leak.

Warranty Information

FCC STATEMENT

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference, and 2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy, and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

RF warning Statement:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
