

RF Exposure Statement:

The Medtronic programmer/controller FCC ID:LF5MICS is defined by the FCC RF Exposure regulations as a mobile device. It is not intended to be operated with the integral antenna less than 20 cm from a human body. With an EIRP of 25 uWatts or less, it is incapable of generating RF fields that would exceed the requirements of Sections 2.1091 and 1.1310 of the FCC Rules.

Phillip Inglis
Consultant to Medtronic.
