

GP-04-1774
94V-0 15 18

Electronic components and labels on the PCB:

- U18: Large black integrated circuit at the top.
- U1: Small black integrated circuit in the center.
- U4, U6, U9: Small black integrated circuits on the right side.
- J1: Multi-pin connector in the center with a white cable.
- J3: USB Type-A connector on the right.
- R1 through R36: Various resistors of different values and types.
- C1 through C52: Various capacitors, including electrolytic and ceramic types.
- TP1 through TP25: Test points marked on the board.
- SW1: A small switch component.
- X1, X2: Small components, possibly diodes or transistors.
- TP21, TP22, TP23, TP24, TP25: Test points at the top edge.
- TP18, TP19, TP20: Test points near the center.
- TP21, TP22, TP23, TP24, TP25: Test points at the top edge.
- TP18, TP19, TP20: Test points near the center.
- TP21, TP22, TP23, TP24, TP25: Test points at the top edge.
