Hi Helen:

Attached please find the pages 3 and 19~22 of the revised report.

Thank you.

Best regards,

Vesta

Subject: NUTEK CORPORATION, FCC ID: ELVATDC, Assessment NO.: AN04T4291, Notice#1

Question #1: The test report indicates that the average reading was come from peak reading minus duty cycle correction factor. But the test data shows an incorrect duty cycle correction factor was used. Please explain.

Question #2: Please make necessary correction on the test report to show real test date. Page 3 said different from other pages.

Best regards,

Helen Zhao

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
